

## Other Card Types

Your electronic merchant may process Discover, American Express and Diner’s Club transactions through their terminal. These associations, not SHAZAM or First Data, will settle with your merchant directly.

The procedures for requesting this processing for other cards types are outlined below.

- 
- |             |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |
|-------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1. Merchant | <p>Calls the desired association(s) and requests Electronic Draft Capture.</p> <p>Discover: 1-800-347-2000<br/>         American Express: 1-800-528-5200<br/>         Diner’s Club: 1-800-525-7376</p> <p>When calling these associations, the merchant may need to provide the following:</p> <p>Terminal Provider = SHAZAM<br/>         Third Party Processor = First Data (FDR or FDMS)<br/>         Third Party ID# = Merchant ID (543132xxxxxxxxx)</p> <p><b>NOTE:</b> If the merchant already has a merchant number with the association, skip to step #3.</p> |
|-------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
- 
- |                                                   |                                                                                                                                                                                                                               |
|---------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 2. Discover,<br>American Express,<br>Diner’s Club | <p>Certifies the merchant’s request and assigns appropriate number.</p> <p>Discover merchant number (15-digits)<br/>         American Express SE number (10-digits)<br/>         Diner’s Club merchant number (10-digits)</p> |
|---------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
- 
- |             |                                                                                                           |
|-------------|-----------------------------------------------------------------------------------------------------------|
| 3. Merchant | <p>Calls financial institution with newly assigned merchant number(s) or existing merchant number(s).</p> |
|-------------|-----------------------------------------------------------------------------------------------------------|
- 
- |                          |                                                                                                                                                                                   |
|--------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 4. Financial Institution | <p>Sends request to add other card types to SHAZAM Merchant Conversions Department either on the New Merchant Information Form or on the Credit Merchant Account Change Form.</p> |
|--------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
- 
- |                                                 |                                                                           |
|-------------------------------------------------|---------------------------------------------------------------------------|
| 5. SHAZAM Merchant<br>Conversions<br>Department | <p>Adds other card type merchant number(s) to MC/VS merchant account.</p> |
|-------------------------------------------------|---------------------------------------------------------------------------|
- 

To confirm that your merchant’s account is ready to accept other card types, you or your merchant may contact the SHAZAM Merchant Conversions Department.
